CARE & MAINTENANCE

Engineered for optimal quality, service, and ease.

Each step is simple: reminders can be programmed and alerts show when attention is required.

DAILY CARE

Powder Path

Run the powder rinse cycle to remove any buildup. You can pre-program rinse cycles in the Menu Mode under Maintenance.

Pod Bin

When the pod bin is full, remove and dispose of used pods to keep the area clean.

Coffee Maker Exterior

Keep your coffee maker looking its best by cleaning the exterior (e.g. drip tray, mug platform, exterior panels) with a damp, soapy, lint-free, nonabrasive cloth.

WEEKLY CARE

Pod Holder Assembly

Detach and rinse clean with a damp, soapy, lint-free, nonabrasive cloth.

Brewing System

Run the brewer rinse cycle to remove any buildup. You can pre-program rinse cycles in the Menu Mode under Maintenance.

Sanitize

Use the Keurig® K-Cup® Pod Deep Cleaning kit to deep clean and sanitize.

GTIN: 10611247390433

Powder Hopper

To ease in the cleaning process use the extra set of the following provided parts while you clean: powder hoppers, mixing bowls, milk dispense tubes, milk manifold panel, and exhaust tray.

YEARLY CARE

Brew Path and Tank

Descaling can be conducted before and after an extended time in storage to maximize the cleaning effectiveness.

COFFEEHOUSE CREATIONS Just A Coffee Bar Away!

Caramel Iced Coffee

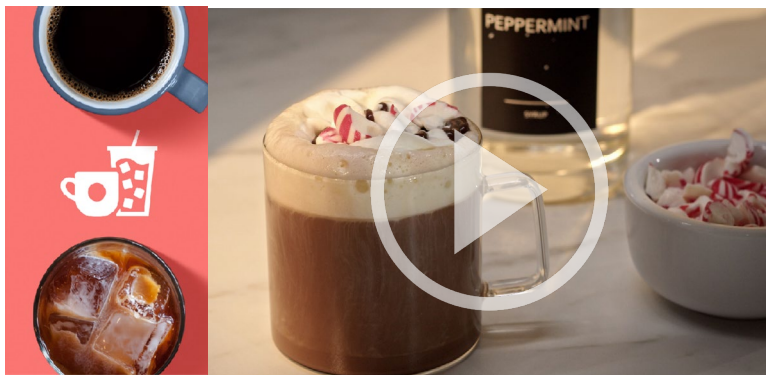

Easy as 1...2...3!

1. Brew an iced coffee using one coffee K-Cup® Pod
2. Add in desired amount of milk or dairy substitute
3. Add 3 pumps of Caramel Syrup and top with caramel drizzle for garnish

Note: Do not brew over ice in a glass cup

Try with one of these K-Cup® Pods

Peppermint Mocha Latte

Easy as Brew. Sip. Enjoy!

1. Fill 2 lb powder hopper with Keurig® Premium Chocolate Powder
2. Brew a mocha latte using one coffee K-Cup® Pod, choosing preferred brew settings
3. Top with chocolate sauce, peppermint syrup and candies for garnish

A FULL COFFEEHOUSE SOLUTION

Effortless display, exceptional design, limitless combinations
